MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM : SA/DCI/IA

SUBJECT : Meeting with Judge Clark,
17 November 1982

1. We seem to be in a period of significant and varied activity which has resulted in a number of issues being suggested for your agenda. I believe they are all worth touching on if you have time to do so.

2. The following items have been proposed for your discussion:

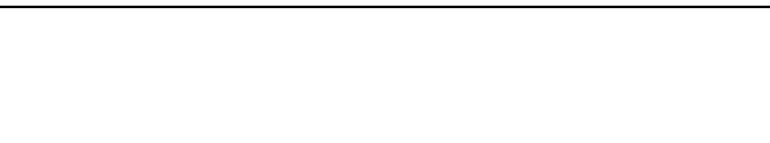

-- Andropov/USSR. The more we learn about Andropov's initiatives as the new General Secretary, the more interesting it becomes to speculate what initiatives the Soviets are likely to take in the next few months to a year. Things will be somewhat clearer following next week's Plenum, but you may wish to discuss some preliminary thoughts with Judge Clark. Included for your reference are some recent cables, as well as the just published SOVA memo on "The Immediate Post-Brezhnev Policy Agenda". Included also is the September paper on Andropov who comes across as a shrewd, sophisticated and determined individual. I was just talking with [redacted] who is thinking of producing a NIC memo which would attempt to forwarn the policy community of what could be a new Soviet effort to take the initiative and high-ground in a number of international situations. [redacted] by the way, would appreciate your feedback on whether you think that would be a useful exercise.
